

Service Is Our Business - Customers Are Our Priority!

FreightMatchers.com is a Third Party Logistics [3PL] firm providing transportation services throughout North America [USA, Canada and Mexico]. Our team offers well over 30 years experience in the transportation and logistics arena. We understand the business from “both the customer and service provider perspective” and bring alternative choices to the table. Our goal is to simplify your shipping process, add value, and assist you in improving the utilization of your internal resources as well as your overall transportation costs and services. We ensure our suppliers meet the highest level of industry standards to assure you receive prompt, professional and quality services.

VALUE ADDED SERVICES
